

# Fraser is all set for return

NEW Rothmans Isthmian League leaders Wycombe Wanderers travel to Staines tonight (Tuesday) where they will be aiming for their seventh away victory of the season.

This game is the third of four successive away league fixtures which includes Saturday's visit to Leatherhead. And manager Ted Powell is thinking of a possible change in his team for tonight's game at Wheatsheal Lane.

The manager is trying to obtain the services of Gavin Fraser in midfield with a view to moving Paul Birdseye back to right back in place of Dave Bullock who has struggled in the number two shirt. Fraser is on half term holiday from Borough Road College.

Tony Horseman is now fit again after suffering a knee injury and he will be bidding for a return to the front line. John Priestley and Alan Davies are

both still out of action with injuries.

Wanderers have a 3-2 home victory under their belts against Staines back in September and they face almost the same side. One change is the inclusion of John Love in midfield. Love returned to Staines after a spell with Crystal Palace but was injured in a pre-season friendly. This will be his first game of the season.

Goalkeeper Frank Parsons has only just returned to the side after a nasty accident in the dressing rooms at Woking. He fell when getting out of the bath and cut his hand and knee on a wash basin. Billy Salkeld is also back in the side after missing the game at Wycombe through injury.

Staines are behind on their

Division One fixtures at the moment and have been busy with a string of cup matches. On Saturday they fell to a disappointing defeat at Hillingdon Borough where they lost 2-0 after dominating much of the game.
